

## STEP 3 PREPARATION:

1. In preparation for Step 3, find out which step each class is actually on. Update Progress Record.
2. Update all teacher binders. Even if the class is not ready for Step 3, update to step 3 in the teacher binder anyway.
3. Prepare Step 3 activity sheets for classes that are ready for Step 3:  
    My Tiny Right Hand  
    and  
    My Dot Sheet  
Laminate the Dot Sheets for multiple use and laminate a set of color coded hands for display for every classroom as well.
4. Prepare proper activity sheets for classes that are not ready for Step 3.

## Time Line Step 3

### Day 1:

Hand out:

- > Updated teacher binders
- > New Practice Charts (pick up old chart)
- > Step 3 RH Finger Color sheets (if on Step 3)
- > Step 3 Dot Sheets (if on Step 3)
- > Other activity sheets that are appropriate for classes not ready for Step 3.

### DAILY:

Same as usual.....

Check schedules, making sure they are working.  
Make sure children are getting their app time.

Also.....

Encourage teachers to use optional videos.

And.....

Check on songs. Are the children able to sing Tick Tock at this point with both words and colors?

Ask children questions...."Which is your pink finger?...your blue finger? Can you sing Tick Tock for me?....."

Remind teachers - as if they needed to be reminded! - to be excited about progress on the part of the children.

### OCCASIONALLY:

Remind teachers to look at the website:

[www.anybodycanplay.com](http://www.anybodycanplay.com) > go to Step 3 > check out Tips for Teachers videos
