LITERACY CLASS LEV. 2:

 This is a music symbol called a whole note.

This note is simply a note head that is empty!

It looks the same when it is right side up

or

 upside down.

Each whole note gets four beats in music.

LITERACY CLASS LEV. 2:

This music symbol is called a quarter rest. Just like the quarter note it gets one beat in music.

HOWEVER.....  
That beat is a SILENT beat...  
Shhhh for one beat!

## **Level 2**

As with the Level One Flashcards, cut out each flashcard, glue appropriate definition to the back, and laminate.

Add these two Flashcards to the Level 1 Flashcards so students are reviewing what they have learned as well as learning new recognitions and definitions.
