

Going to Tick Tock

Going to Tick Tock

Going to Tick Tock

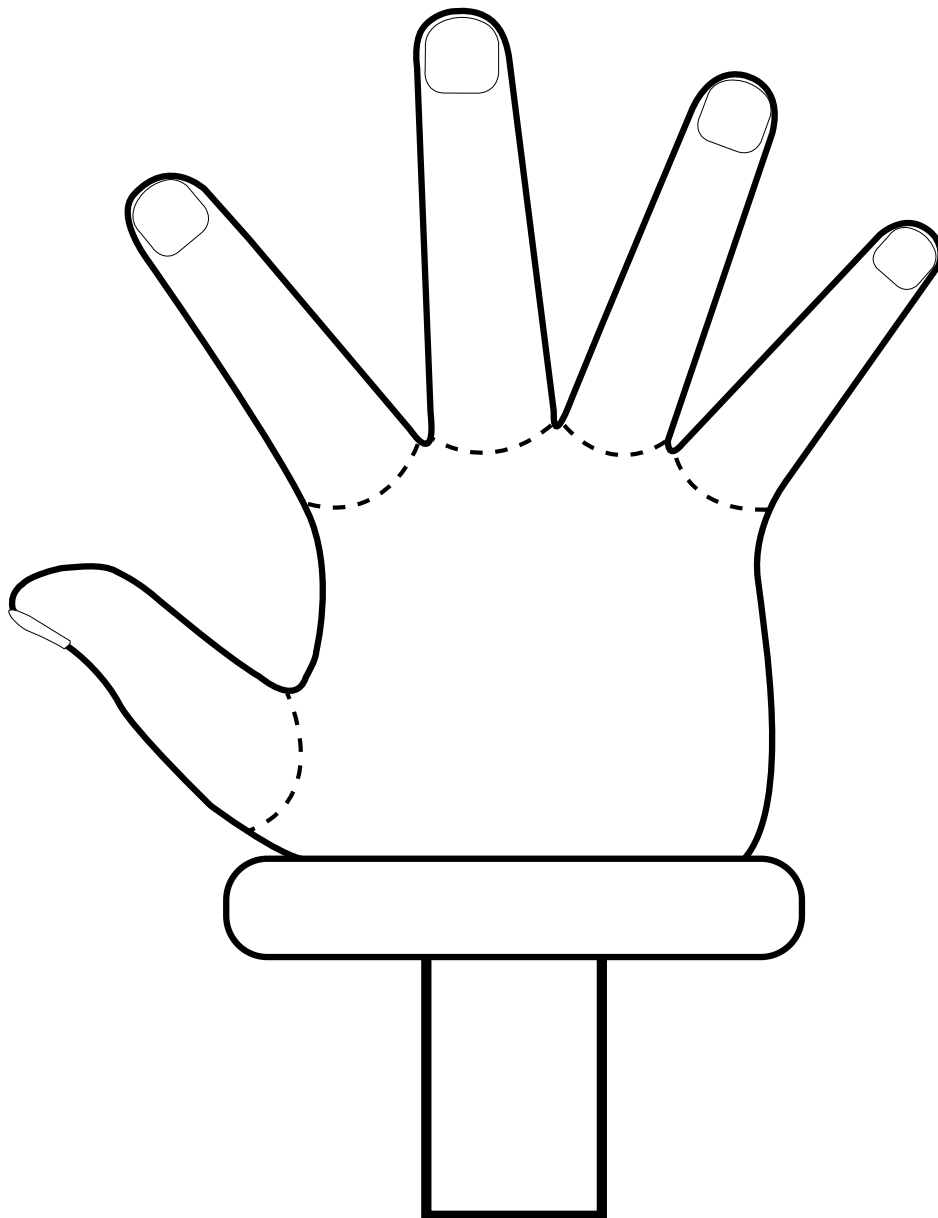

SUGGESTIONS:

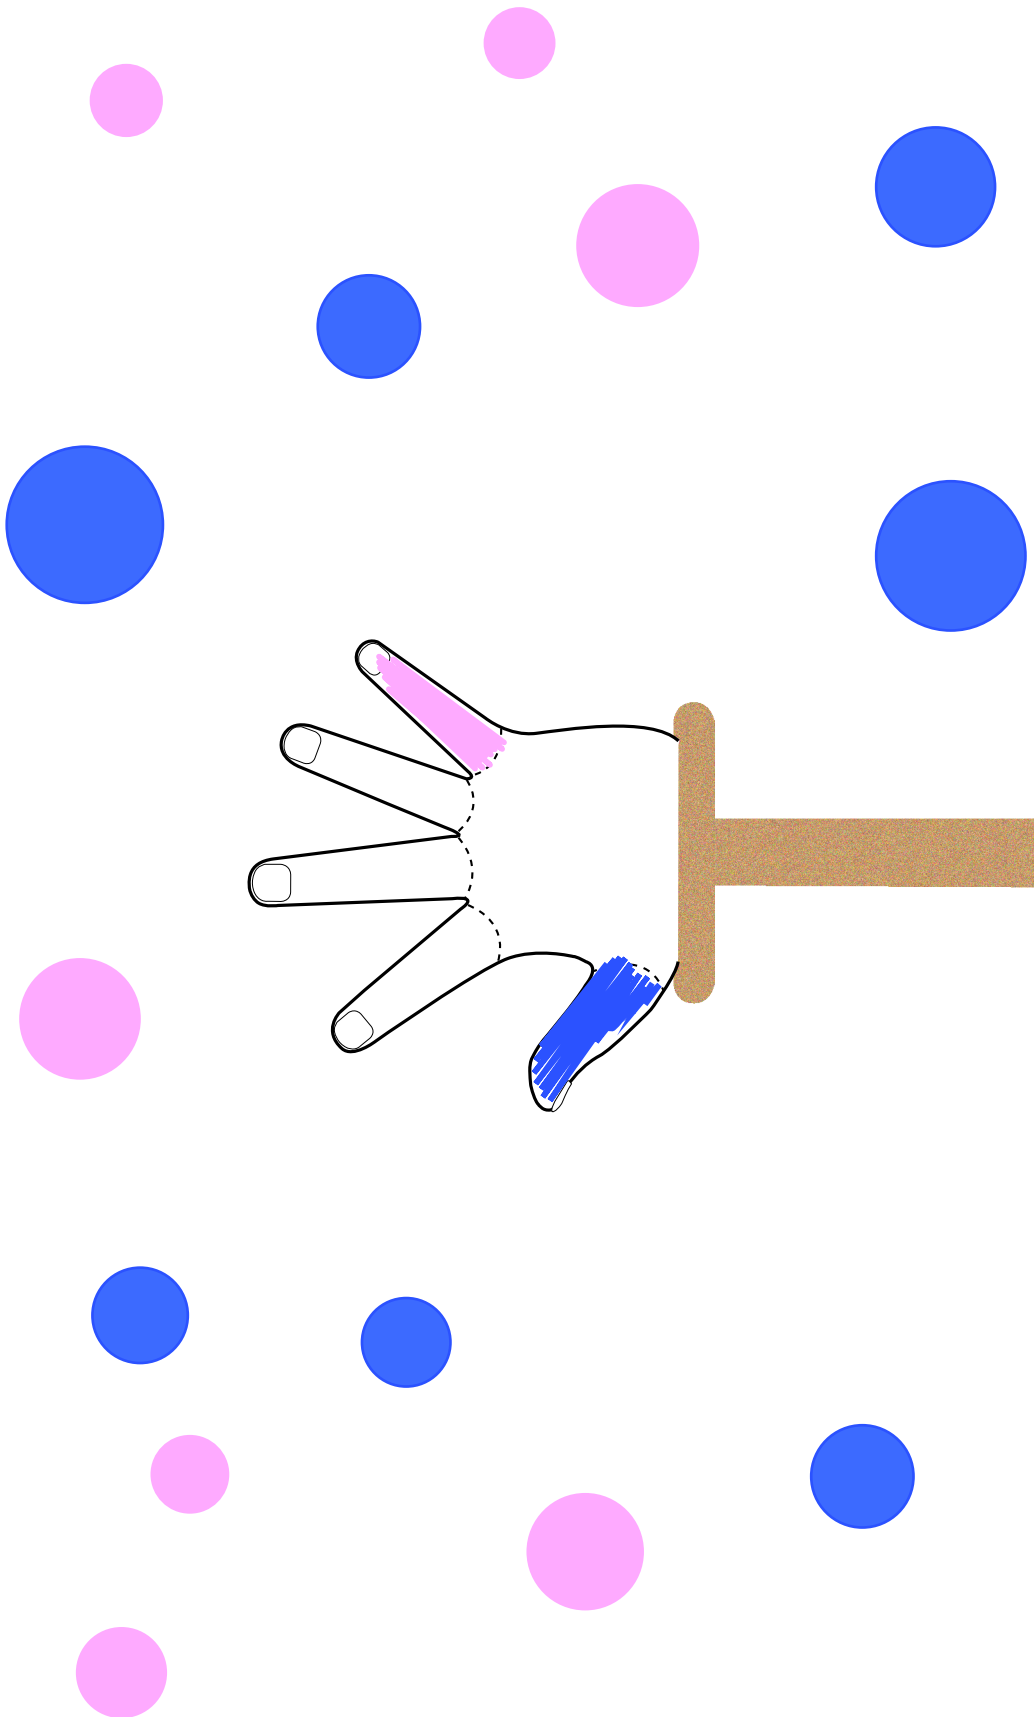

Laminate and cut out or cut out and laminate:)

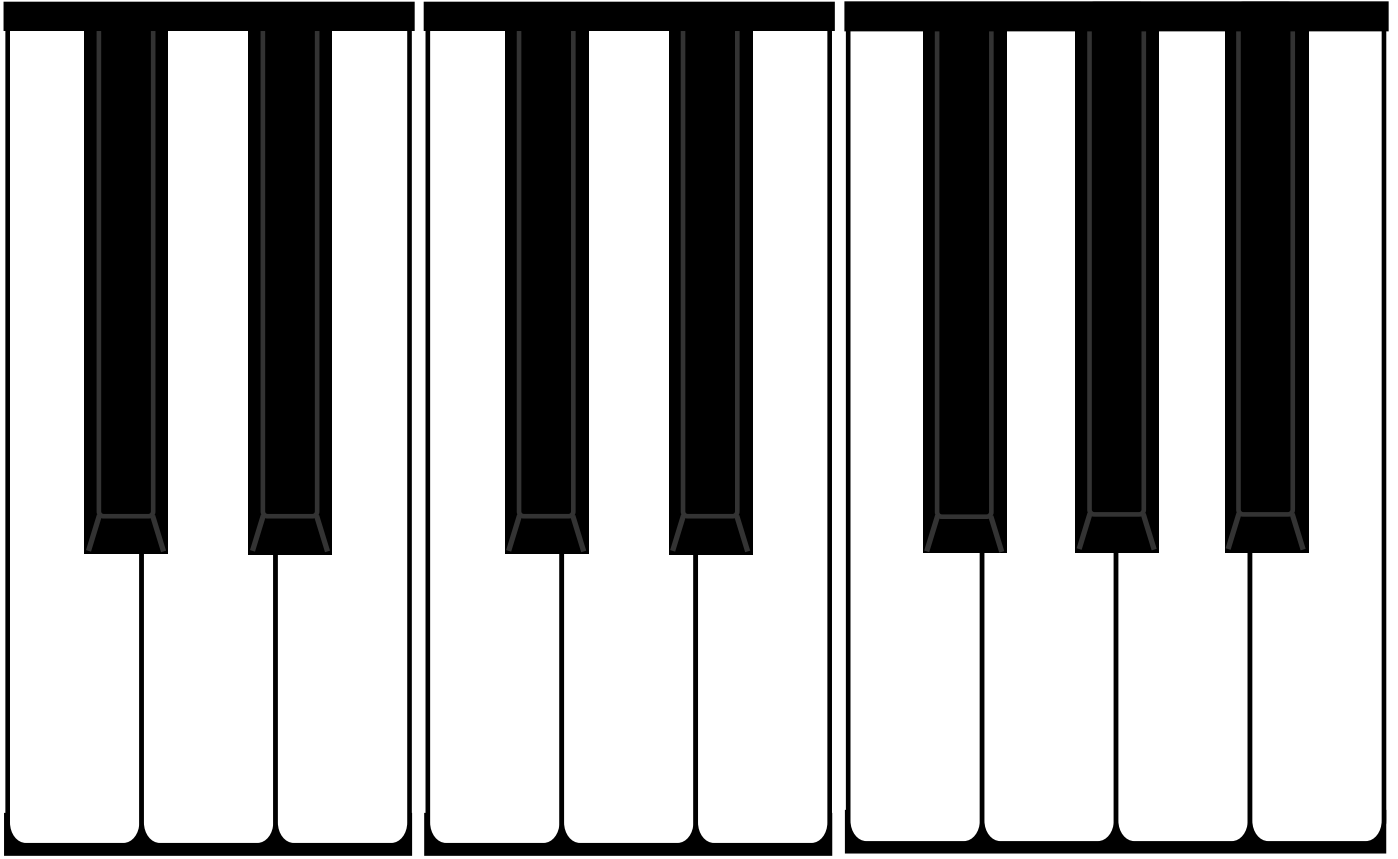

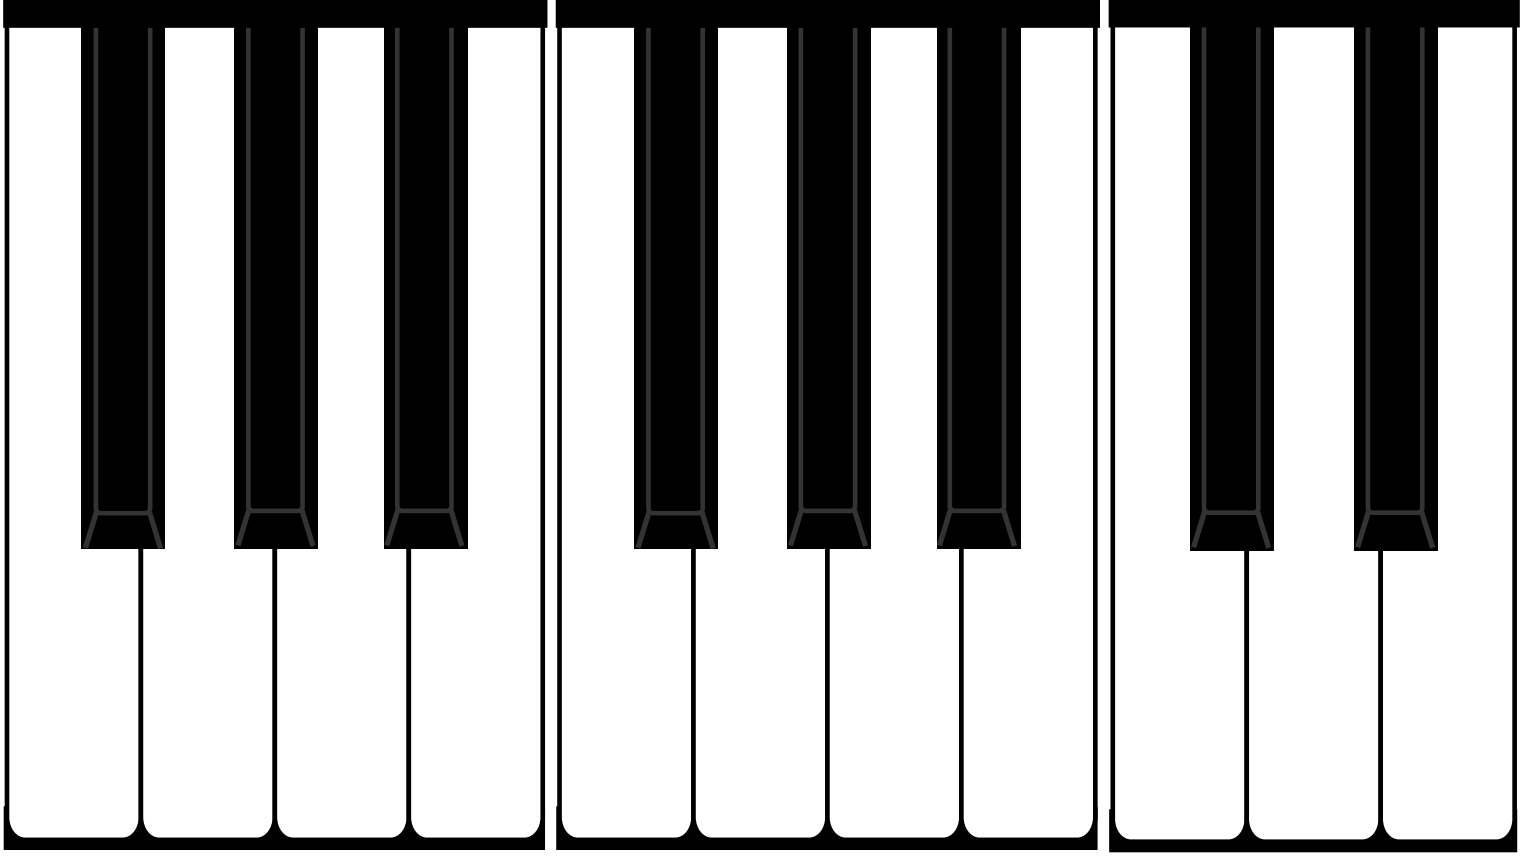

These charts are useful for children to find their way to Tick Tock. The larger one can be taped along one side of the computer or each child can have his/her own bookmark sized chart.

My Right Hand

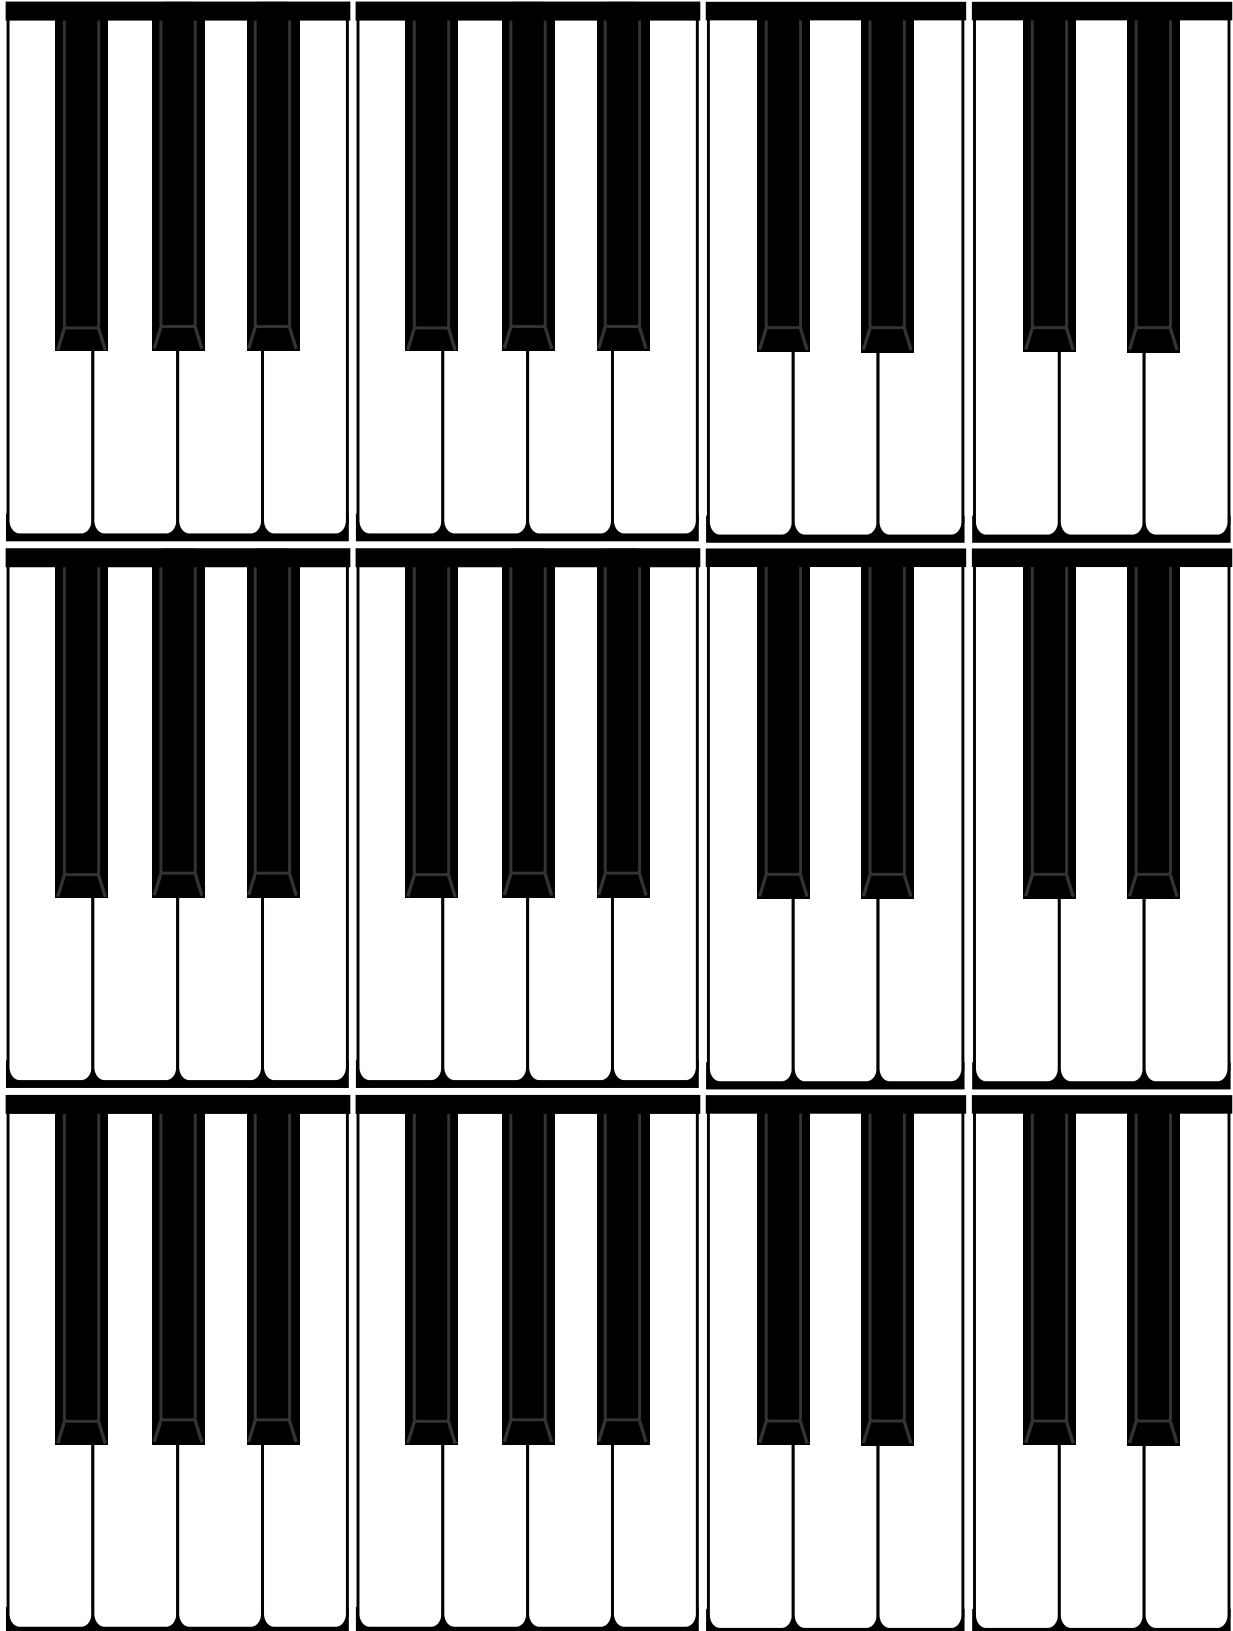

PINK and BLUE

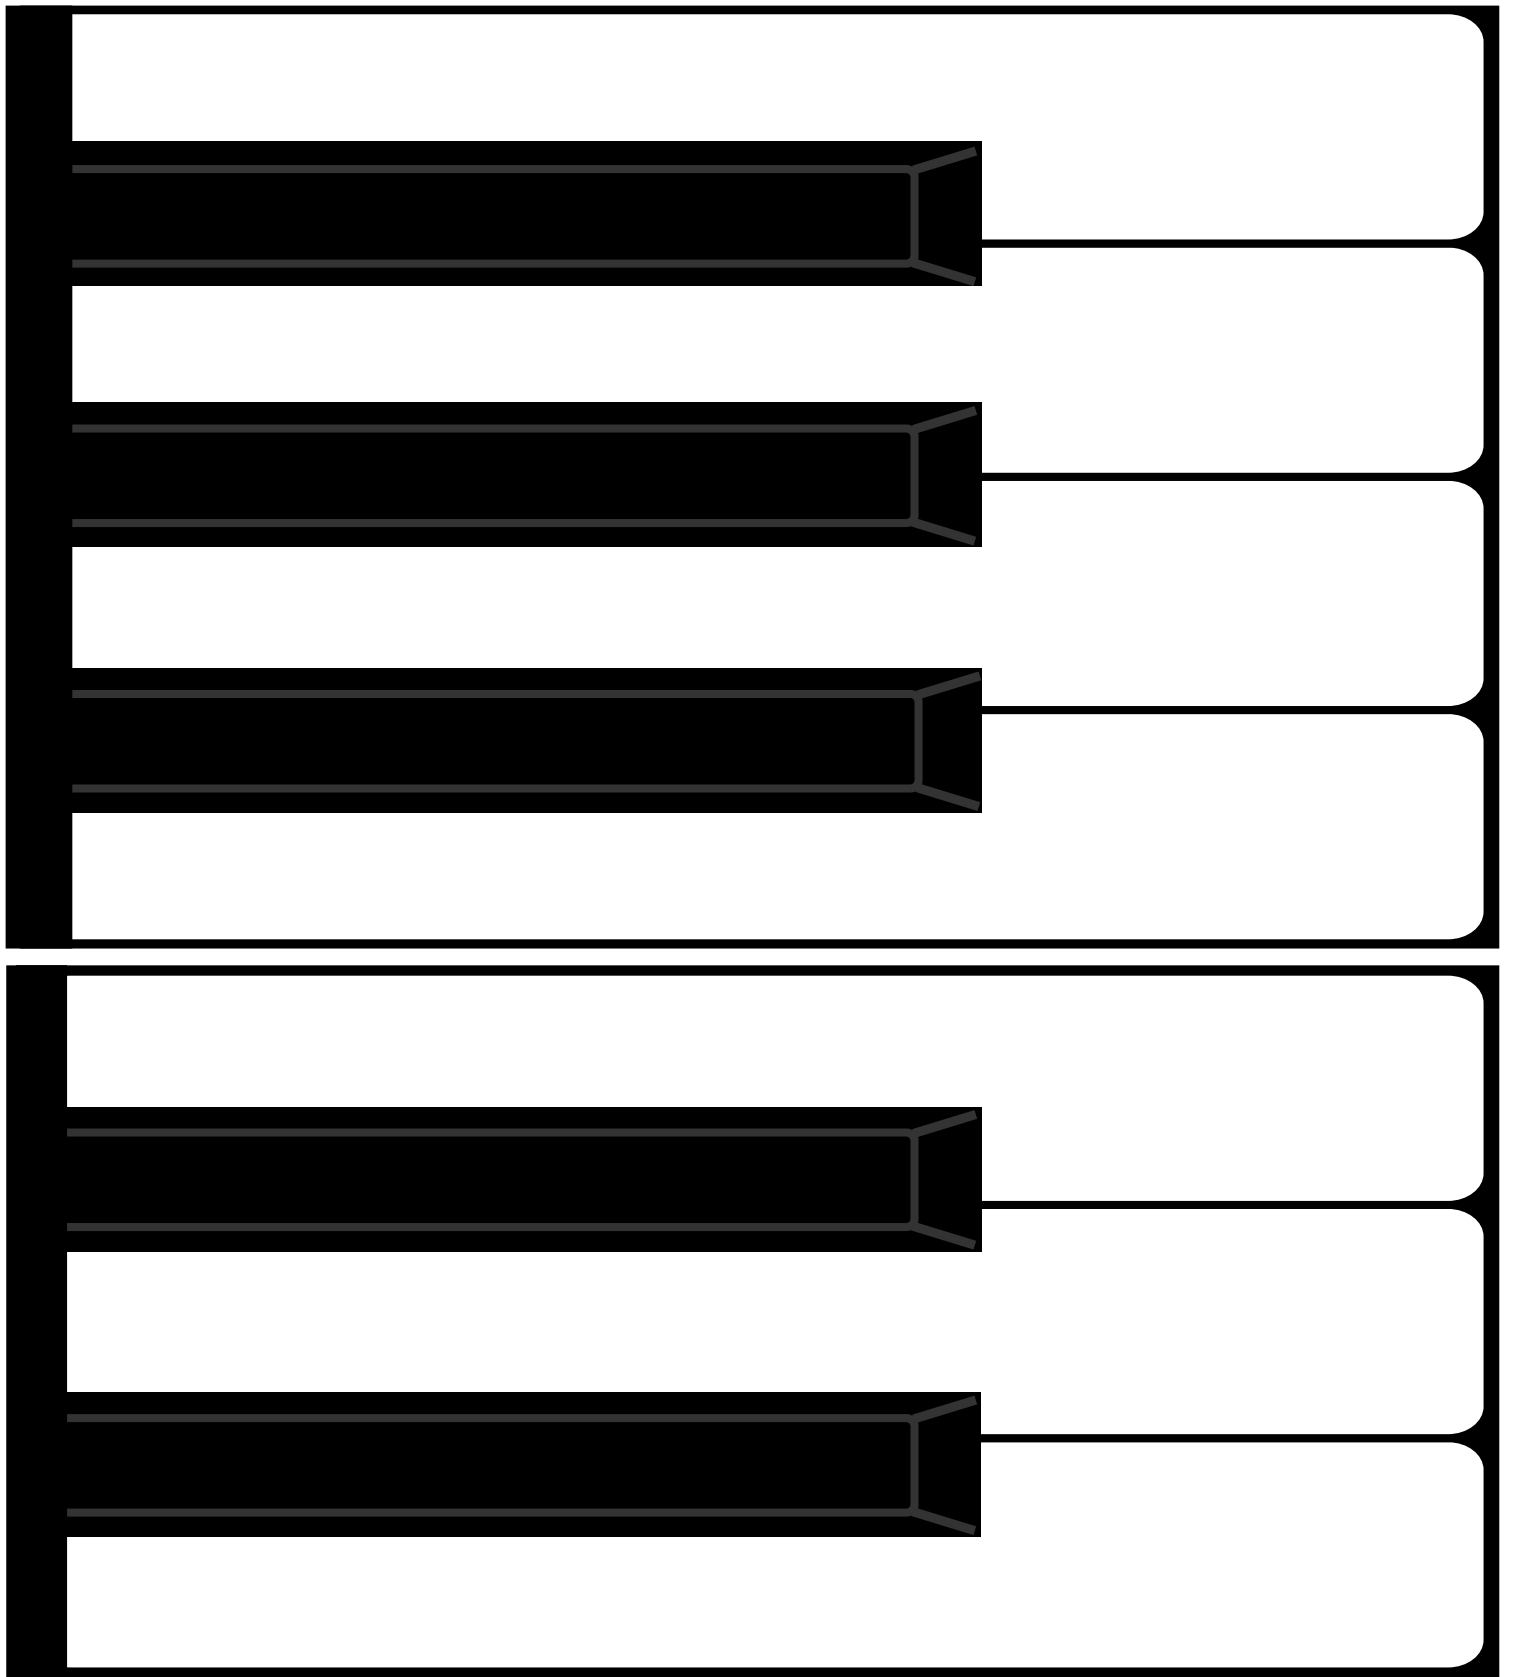

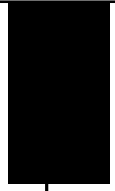

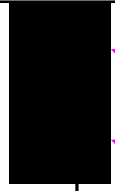

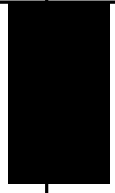

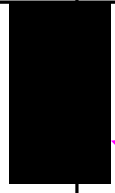

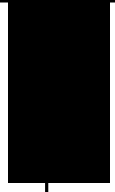

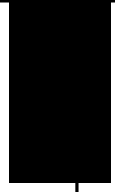

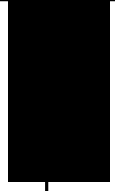

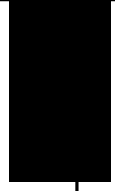

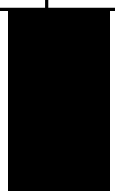

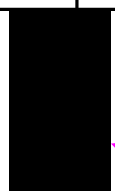

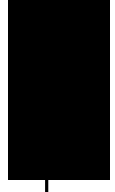

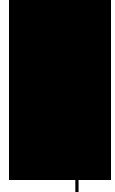

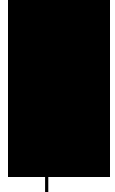

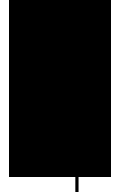

Small Key Groups for My **Anybody Can Play** Piano **Beginner Lesson One**

These small key cards will fit into credit card sized laminate.
Either cut apart and laminate each card separately, or laminate sheet, then cut apart.
Laminated corners are very sharp, so curving corners as you cut apart is suggested.
The lines along the edges are for helping those lining up the sheet on a paper cutter.

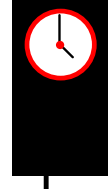

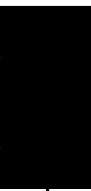

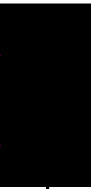

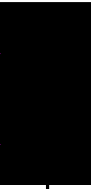

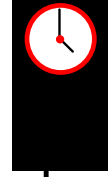

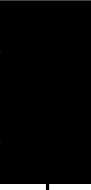

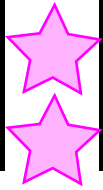

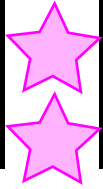

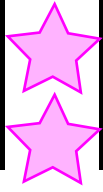

Key Strips for Tick Tock....fading away

| | | | | | | | | |
|---|---|---|---|---|--|---|---|--|
| 1 |  |  |  |  |  |  |  | |
| 2 |  |  |  |  |  |  |  | |
| 3 |  |  |  |  |  |  |  | |
| 4 |  |  |  |  |  |  |  | |
| 2 |  |  |  |  |  |  |  | |
| 3 |  |  |  |  |  |  |  | |
| 4 |  |  |  |  |  |  |  | |

Trim each along each side 1/2 to 3/4 inch. Trim top and bottom along top and bottom keystrip. Laminate. Cut individual keystrips apart. Curve sharp corners of laminate. Numbers indicate level of difficulty.

Key Strips for Tick Tock

Trim right and left ends, laminate, leaving clear laminte on each end. Cut apart. Cut a curve on square corners.

Cut cards apart. Cut around "REMEMBER" word and glue onto back of WONDERFUL hands. Laminate in credit card sized pouches.
